made ready, supplied, equipped as transports, loaded with men and guns and sent to sea, and all with virtually no mention from the press. The navy bears its full share in the achievement. From the time the troop ships left their docks and headed toward sea responsibility for the lives of the thousands of men rested upon the officers and crews of the fighting ships that moved beside them to sweep free the sea lanes. As they pushed on through the day and nights towards the danger zone where German submarines lay in wait, every precaution that trained minds of the navy could devise was taken. And the news from France shows that the plans were well laid.

Two Cousins: Two Thrones.

"Nicholas Romanoff" of Russia and King George of England are cousins, look much alike and are probably not greatly different in intellectual ability. One is off the throne and the other is on because one throne was an anomalous survival of medievalism, while the other is an adaptation to modern democratic progress—Springfield Republican.

High Tips.

"Did you ever serve any ostrich?" asked one waiter of another. "No, I did not," was the reply, "but I'd like to."

Too Reverential.

"Why don't you ever laugh at my jokes?" "Because I was brought up to respect old age and feebleness,"—Baltimore American.

ANARCHISTS TALK TOO MUCH AT TRIAL

Earlier in the day Berkman and Miss Goldman had dismissed their attorney and announced they would conduct their own defense.

Berkman asked talesmen whether they believed in patriotism, whether they were Christians and what their social interests were.

At one point in the examination Berkman was told by the court that he "must not make speeches," to which Berkman replied that he was "entitled to his rights."

A little later Berkman wanted to argue with the court, but was promptly stopped.

Miss Goldman attempted to intervene.

"No," said Judge Mayer promptly, "sit down."

She obeyed.

Seven talesmen were examined during the day.

Wonderful Soda--

That's what they all say

—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and nearest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want! all the old-timers, and the newest ones.
